Cutting-edge technology, including integrated Bose speakers

Enviably location just 270m to the beach on Marbella's Golden Mile, walking distance to gourmet restaurants and boutiques – no car necessary

WELCOME TO VILLA ELISA

Villa Elisa is a house that lends itself effortlessly to style and design. Its pristine facade of gleaming white paintwork and glittering glass giving way to a modern and sophisticated interior, where quality takes precedence.

Throughout the open plan ground floor, features such as chevron wooden flooring and a beautifully integrated linear fireplace set in floor to ceiling wooden slats provide texture and pattern.

Upstairs, after ascending a sleek wooden staircase with sensor-activated uplighting, three of the sumptuous bedrooms are revealed.

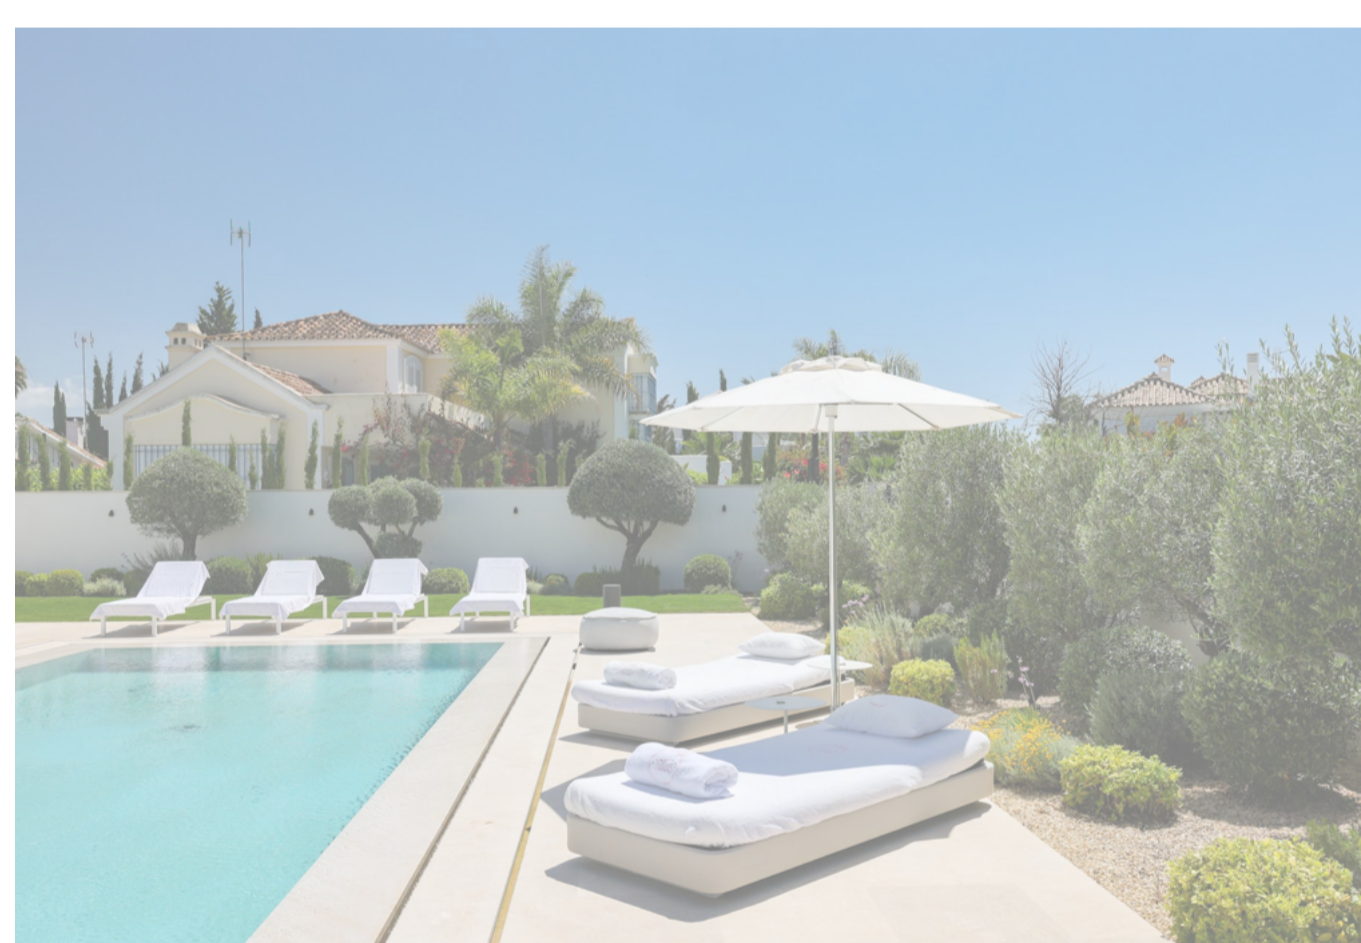

Their sprawling en-suite bathrooms showcase high-quality amenities such as Toto WCs, flat-screen TVs and walk-in rain showers. From the sunken Jacuzzi tub of the master en-suite, there's even a view of the deep blue Mediterranean sea on offer, peeking through tall pines beneath an azure sky.

Technology is also a pivotal feature of this spectacular villa – from integrated Bose speakers to a state of the art security system, everything is controllable at the touch of an iPad screen, making Villa Elisa a house perfectly attuned to your every need.

The villa's location provides added appeal to an already impressive property: Situated on a quiet, tree-lined street in a gated community, the house is within walking distance of Marbella's iconic Golden Mile. The millionaire's playground of the Costa del Sol, this exclusive avenue is lined with designer boutiques and world-class restaurants – providing a wealth of entertainment just moments from Villa Elisa's front door.

For those that prefer shorelines to shopping, Marbella beach can be found a 5-minute walk from the villa, accessible via a shady path leading off the garden. With its stylish bars and picturesque promenade, this stretch of coastline is the perfect place to while away the day soaking up the Spanish sun, safe in the knowledge that home is just a short stroll away.

MORE ABOUT VILLA ELISA

Outside Villa Elisa, the property's dedication to high style and good taste continues. A spacious sun terrace is ranged with a variety of seating areas, including a 6-seater dining table, high-quality wicker sofas decked out with colourful cushions and a hanging love seat.

The terrace also benefits from being covered, enabling guests to enjoy relaxing here at any time of day.

The stunning softwater pool provides the focal point of the outdoor space. Measuring 14.5 metres in length and edged by cool marble, the pool features inbuilt swimming jets and is surrounded on all sides by elegant loungers and white parasols.

The garden is an idyllic spot for reclining post-dip with a cool drink in hand, surrounded by the heady scent of lavender bushes while steaks sizzle on the BBQ nearby. Just another day of blissful summer living at Villa Elisa.
